Most hateful it is with Allah that you say that which you do not do." [Al-Qur'an - 61:2-3]. What is commitment in Islam? Should Muslim youth offer their time to volunteering? We are regularly and continuously admonished by shuyookh, teachers, friends, parents, and well-wishers to lower our gaze as young men & women full of zeal and energy for life. However, is it practical advice? Can it really be done? If so, how? Does it have a specific time & place? Will it affect my life in this world? Will it have an impact on my relationship with my future spouse? All these questions and more should be amongst those which we want answered or maybe even challenge.
